

EASY-GRIP™

GET YOUR KIT TOGETHER

3-Part Keyless Shaft Locking System

Easy-Grip™ uses unique interchangeable bushings and a shrink disc set to allow easy attachment of the gear reducers to standard available shafting up to h11 tolerances.

COMMERCIAL TOLERANCE

Eliminates the need to have precise machining tolerance on the driven shaft, decreasing its cost.

RELIABLE

Tension-optimized and virtually indestructible shrink discs guarantee the highest possible degree of safety.

LESS SPARES

Multiple bushing diameters available for each gear reducer size, reducing spare-part inventory.

EASY INSTALL & REMOVAL

Simple, fast install with no fretting corrosion or surface damage to halt removal of the reducer.
